

the intelligent inhabitants of Sussex, and to direct attention to the investigation of its physical phenomena, will be properly appreciated, and the failure of their attempt to secure to the county a collection so rich in its peculiar fossil and mineral productions, be remembered with regret.

Should Providence allot me life and health, I purpose adding another volume to this Work, under the title of "FIRST LESSONS, or an Introduction to THE WONDERS OF GEOLOGY;" being the substance of a series of Lectures, designed for persons wholly unacquainted with the nature of geological investigations.

G. A. M.

CRESCENT LODGE, CLAPHAM COMMON,

*May 1, 1839.*
