

The doctor here on board has nought to do, boys;
Not a man to test his skill among the crew, boys;
Well may he look blue,
There's nought for him to do,
When every man is strong and hearty, too, boys.
"Now on the *Fram*," boys,
He says "I am," boys,
"Chief editor of newspaper for you!" boys.

"WARNING!!!

"I think it is my duty to warn the public that a travelling watchmaker has been making the round of this neighborhood lately, getting watches to repair, and not returning them to their owners. How long is this to be allowed to go on under the eyes of the authorities?

"A. JUELL.*

"The person above notified was in our office yesterday, asking for work, and we consider it right to add the following particulars as completing the description. This is all we have to say, as we did not consider ourselves either entitled or called upon to put him under the microscope.

"Ed. *Framsjaa*.'

* This signature proved to be forged, and gave rise to a lawsuit so long and intricate that space does not permit an account of it to be given.
