

- Denmark Strait, drift-ice of Siberian origin, I, 23.
- Depot of reserve food during life in hut, II, 429, 482.
- Depots on ice near the *Fram*, II, 602, 606, 623, 624, 667.
- Things taken on board, II, 641, 678, 681.
- Depots on New Siberian Islands established by Baron Von Toll, I, 75, 76.
- Diatoms—
- Ice-water, containing, I, 290, 503, 508, 509, 513, 514, 515.
- Identical species found in ice-floes off the east coast of Greenland and off Bering Strait, I, 38, 39.
- Dick, A., contributions to expedition, I, 55, 56, 57.
- Dickson, Baron Oscar, electric installation for expedition, provided by, I, 55.
- Dickson's Island, intention to deposit letters on, abandoned, I, 157.
- Dogs—
- Arrangements for sledge expedition, I, 446, 581, 585; II, 109.
- Close confinement on the *Fram*, I, 254, 255.
- Drives with, I, 126, 287, 288, 391, 392, 395, 543; II, 82, 110, 151.
- Food, I, 101, 581, 582; II, 105, 106, 109, 325.
- Harness, I, 128; II, 16, 102.
- Kennels, I, 537; II, 657, 658.
- Killed by bears, I, 327, 328.
- Killed by their fellows, I, 271, 301, 310.
- Killed on sledge journey, II, 143, 162, 175, 180, 190, 191, 192, 197, 201, 207, 210, 227, 234, 241, 244, 259, 271, 274, 275, 306, 336.
- List of dogs taken on sledge journey, II, 131.
- Number insufficient, II, 163, 167.
- Number left on the *Fram* when Nansen started on sledge expedition, II, 656.
- Paralysis in legs, II, 313.
- Pemmican-bags attacked by, II, 195.
- Puppies, I, 332, 333, 406, 483, 537; II, 656, 657, 682.
- Accidents to, I, 564, 574; II, 6.
- Convulsive attacks, I, 420, 421, 422, 475, 476; II, 556.
- Paralysis, I, 479.
- Run on ice, I, 475.
- Training, I, 545.
- Removal to safe quarters on occasion of great ice-pressure, II, 48, 57.
- Return of missing dog, I, 334, 335.
- Dogs—
- Scent, keenness of, I, 417.
- Sufferings on sledge journey, II, 148, 192.
- Summer quarters, I, 479, 480.
- Temper of dogs brought to ship and of dogs born on board, difference between, II, 661.
- Trontheim—
- Account of journey with dogs, I, 133, 134.
- Delivers dogs to Dr. Nansen, I, 114, 117.
- Use of dogs on previous expeditions, I, 7, 8.
- Von Toll, Baron, provides dogs for expedition, I, 75.
- Dolgoi, unknown islands described near, I, 111.
- Dove Glacier, conjecture as to position of, II, 548.
- Drift of the *Fram*—
- Chart made by Hansen, I, 539.
- Conclusions arrived at from scientific observations, II, 708.
- Latitude and longitude, statements indicating general course of drift, I, 445; II, 644, 663.
- Measuring, II, 614.
- Northward drift, I, 292, 305, 308, 311, 312, 320, 369, 370, 386, 387, 393, 402, 403, 414, 420, 440, 442, 444, 445, 446, 523, 557, 564; II, 24, 31, 33, 61, 64, 101, 613, 614, 662, 663.
- Open water, the *Fram* emerges into, II, 700.
- Second year's drift (northward) nearly south of that of first, II, 663.
- Southward drift, I, 269, 291, 302, 309, 366, 387, 402, 404, 406, 407, 413, 422, 424, 445, 513, 531, 537; II, 21, 76, 82.
- Sverdrup's account of drift after Nansen's departure, II, 601.
- Temperature for every month during, II, 714.
- Thickness of ice under the *Fram* during drift, I, 459.
- Winds, strength influencing, II, 711.
- Drift of *Jeannette*, I, 13, 17, 540.
- Drift-ice, continuous motion of, II, 708.
- Denmark Strait, Siberian origin, I, 23.
- Greenland, Siberian origin, I, 38, 39.
- Drift, sledge journey (Nansen and Johansen), II, 268, 272.
- Drift-wood, II, 666, 708.
- Nansen's current theory supported by, I, 20, 21.
