

LIST OF ILLUSTRATIONS.

VOLUME I.

FIG.		PAGE.
1.	A species of callichthys, a fish with the same habits with the doras	142
2.	The pectoral ray of another siluridan	142
3.	<i>a.</i> Enchelis pupa	165
	<i>b.</i> Alimentary canal of ditto.	165
4.	<i>a. b. c. d.</i> Rotifera vulgaris	166
5.	Eosphora Naias	168
6.	Cellaria cirrata	177
7.	Sortularia volubilis	178
	<i>a. a.</i> Ovaries.	
8.	Hydra viridis.....	181
9.	<i>a.</i> Fungia patellaris, under side	182
	<i>b.</i> Upper side.	
10.	Madrepora muricata	188
11.	Velella	200
	<i>a.</i> Upper surface.	
	<i>b.</i> Under surface, showing the nutritive suckers.	
12.	Rhizostoma	201
13.	Physalus pelagica. Portuguese Man o'War	202
14.	Cephea mosaica.....	202
15.	Echinus	205
16.	A portion of shell of Echinus esculentus	208
	<i>a. a. a.</i> Tuberculated plates.	
	<i>b. b.</i> Perforated plates for suckers.	
	<i>c. c.</i> Smaller tuberculated plates.	
17.	Inside of the same shell	209
	<i>a. a.</i> Dentated suture.	
	<i>b.</i> Central ridge of smaller tuberculated plates.	
	<i>c. c.</i> Series of apertures through which the suckers are protruded.	
	<i>d.</i> One of the frames to which the jaws are fixed.	
18.	<i>a.</i> Suture of a portion of the alleys at the lateral grove	210
	<i>b.</i> Suture of a portion of the lateral grove uniting with the above.	
19.	Suture of the intermediate grove divided at the ridge. (See fig. 17, <i>b.</i>).....	210
20.	Portions of Echinus esculentus	212
21.	One of the suckers	212
	<i>a.</i> The sucker.	
	<i>b.</i> The stalk of the sucker.	
22.	Portions of Echinus esculentus	213
	<i>a.</i> The jaw.	
	<i>b.</i> The tooth.	
23.	Circular space round the mouth of Echinus esculentus	213
