

is the dignity of Truth, that she is content with a few admirers, and is always lost in a crowd ; she is at all times august and majestic, notwithstanding which she is frequently obscured by *fantastic opinions*, and *obliterated by fanciful chimeras*. I, however, view and understand Nature in this manner, and am almost induced to believe that she is still more simple ; the phenomena exhibited by brute matter is caused by a single force, and from this force, combined with that of heat, originate those living particles which gave rise to, and support all, the various effects of organized bodies.
