

# BRITISH ZOOPHYTES.

---

## PART IV

### ZOOPHYTA HELIANTHOIDA.

*Fig. 28.*

LUCERNARIA AURICULA.

---

“ — in the waters we may see all creatures,  
Even all that on the earth are to be found,  
As if the world were in deep waters drown'd.  
For seas have  
As well as earth—Vines, Roses, Nettles, Melons,  
Mushrooms, Pinks, Gilliflowers, and many millions  
Of other plants, more rare, more strange than these,  
As very fishes, living in the seas.”

*Du Bartas.*
