

CORALS

AND

CORAL ISLANDS.

BY

JAMES D. DANA, LL.D.,

Professor of Geology and Mineralogy in Yale College; Author of Reports, in connection with the Wilkes U.S. Exploring Expedition, on Geology, Zoöphytes, and Crustacea of a System of Mineralogy; Manual of Geology, etc.

" We wandered where the dreamy palm
Murmured above the sleeping wave ;
And through the waters clear and calm,
Looked down into the coral cave."

J. C. P., *U.S.N Expl. Expd.*
