

LIST OF ENGRAVINGS.

VOLUME I.

Fig.	Page
1 <i>Rotifer redivivus</i> , (from Muller)	58
2 <i>Vibrio tritici</i> , (Bauer)	58
3 Simple vegetable cells, (Slack)	61
4 <i>Fucus vesiculosus</i> , transverse section, (De Candolle)	61
5 Ditto, longitudinal section, (id.)	61
6 Compressed cells of vegetables, (Slack)	61
7 Hexagonal and elongated cells, (id.)	61
8 Elongated cells, (id.)	61
9 Fibrous cells, (id.)	61
10 Reticulated cells, (id.)	61
12 Junction of cells to form a tube	65
13 Beaded vessels	65
14 Spiral vessels, or Tracheæ	65
15 Annular vessels	65
16 Punctuated vessels	65
17 Transitions of vessels from one class to another	65
18 Woody fibres	65
19 Nervures of a leaf	65
20 Cells composing the cuticle, (De Candolle)	69
21 Stomata magnified, (Amici)	69
22 Arrangement of stomata in cuticle, (De Candolle)	69
23 Roots terminated by spongioles, (id.)	69
24 Cells composing a spongiole, (id.)	69
25 Animal cellular substance	82
26 Blood vessel	84
27 Section of blood vessel, with the valves open	84
28 Ditto, with the valves closed	84
29 Striated surface of the scale of the <i>Cyprinus alburnus</i> , (Heisinger)	92
30 Ditto of the <i>Perca fluviatilis</i> , (Carus)	92
31 Inbricated arrangement of the scales of fishes, (Heisinger)	92
32 Section of the bulbs of hair, magnified	93
33 Quill of <i>Porcupine</i> , (F. Cuvier)	96
34 Transverse section of the same, (id.)	96
