

Fig.	Page
119 Outer surface of the same. (id.) . . . . .	183
120 <i>Clio borealis</i> , (Cuvier) . . . . .	186
121 <i>Sepia loligo</i> , (De Blainville) . . . . .	187
122 Suckers of the same, (id.) . . . . .	187
123 Suckers of the <i>Octopus</i> , (original) . . . . .	187
124 Shell of <i>Spirula australis</i> , (De Blainville) . . . . .	191
125 Longitudinal section of the same, (id.) . . . . .	191
126 Shell of <i>Nautilus pompilius</i> (id.) . . . . .	191
127 Longitudinal section of the same, (id.) . . . . .	191
128 <i>Pontobdella muricata</i> , (Bruguiere) . . . . .	195
129 <i>Nereis</i> , (id.) . . . . .	195
130 <i>Erpobdella vulgaris</i> (Lam.) <i>Hirudo hyalina</i> . . . . .	195
131 Diagram illustrating the rings and muscles of <i>Annelida</i> , (original) . . . . .	195
132 <i>Gordius aquaticus</i> . . . . .	198
133 <i>Serpula opercularia</i> . . . . .	198
134 <i>Terebella conchilega</i> , (De Blainville) . . . . .	198
135 <i>Arenicola piscatorum</i> , or <i>Lumbricus marinus</i> . . . . .	198
136 <i>Aranea diadema</i> , (Ræsel) . . . . .	202
137 Divisions of the limb of a Crustaceous animal . . . . .	205
138 Mandible and palpus of <i>Mysis Fabricii</i> , (Bruguiere) . . . . .	205
139 to 141 Feet-jaws belonging to the first, second, and third pairs, (id.) . . . . .	205
142 True foot, belonging to the first pair, (id.) . . . . .	205
143 <i>Julus terrestris</i> . . . . .	213
144 Muscles of the trunk of the <i>Melolontha vulgaris</i> , (Straus Durckheim) . . . . .	214
145 Eggs of <i>Bombyx mori</i> . . . . .	217
146 Larva of the same . . . . .	217
147 Pupa of the same . . . . .	217
148 Imago of the same . . . . .	217
148* <sup>A</sup> Caterpillar of the <i>Phalena striaria</i> , (Hubner) . . . . .	224
B The same in a rigid position, (Lyonet) . . . . .	224
149 <i>Calosoma Sycophanta</i> , (Kirby and Spence) . . . . .	227
150 Analysis of skeleton of the same, (Carus) . . . . .	228
151 Hind view of the segment of the head in the same, (id.) . . . . .	228
152 Suckers on the foot of the <i>Musca vomitoria</i> , expanded; mag- nified view, (Bauer) . . . . .	235
153 Cushions on the foot of the <i>Cimbex lutea</i> , magnified, (id.) . . . . .	235
154 Suckers on the under side of the foot of a male <i>Dytiscus</i> <i>marginalis</i> , (id.) . . . . .	235
155 Cushions and sucker of the <i>Acridium biguttulum</i> , Latr. (id.) . . . . .	235
