

Fig.	Page
156 <i>Dytiscus marginalis</i> , upper side, (Ræsel)	237
157 Lower side of the same insect, (id.)	237
158 <i>Notonecta glauca</i> , (Ræsel)	238
158* Fore leg of <i>Gryllotalpa</i> , (Kidd)	242
159 Wing of <i>Gryllus nasutus</i> . Orthoptera	246
160 Wing of <i>Libellula grandis</i> . Neuroptera	246
161 Wing of <i>Ichneumon persuasorius</i> . Hymenoptera	246
162 Wing of <i>Tipula oleracea</i> . Diptera	246
163 Sting of <i>Anthophora retusa</i> , (original)	248
164 Separate scales of the wing of <i>Hesperia Sloanus</i> , (original)	250
165 Arrangement of the scales in the wing of the same	250
172 Longitudinal section of the thigh-bone to show the cancel- lated structure, (Cheselden)	262
173 Longitudinal section of the humerus, (id.)	262
174 Ossification of the parietal bone, (id.)	265
175 Early stage of ossification of the bones of the skull, (Cloquet)	265
176 The same in the adult, showing the sutures	265
177 Dorsal vertebra, human	271
178 Junction of vertebræ forming the spinal column	271
179 Longitudinal section of the same, showing the spinal canal	271
180 Elements of structure of a vertebra, (Carus)	274
181 Skeleton of Hog, (Pander and D'Alton)	279
182 Sternum, clavicle, and scapula; human	279
184 Skeleton of <i>Cyprinus carpio</i> , (Bonnaterre)	286
185 Diagram illustrating the progressive motion of Fishes	287
186 Front view of the vertebra of a Cod, (<i>Gadus morrhua</i>)	288
187 Side view of the same	288
188 Vertical and longitudinal section of a part of the spinal co- lumn in the same	288
189 A similar section, showing the gradation of structure	288
190 Similar section in the <i>Squalis centrina</i> , (Carus)	288
191 Bones of the shoulder of the <i>Lophius piscatorius</i> , (id.)	293
192 Pectoral fin of the <i>Raia clavata</i> , (id.)	293
193 Belt of bones of the shoulder of a Ray, (id.)	294
194 Muscular system of <i>Cyprinus alburnus</i> , (id.)	295
195 Air bladder of <i>Cyprinus carpio</i> , (Blasius)	298
196 Eggs of the Frog	303
197 Side view of the Tadpole magnified, (Rusconi)	303
198 Upper view of the same, (id.)	303
199 Adult Frog	303
200 Skeleton of Frog, (Cheselden)	306
201 Skeleton of the Viper	310
